World Leader in Nature Travel

Galapagos Voyage

EXPLORING IN DEPTH ABOARD THE *EVOLUTION*

Thrust from the bottom of the Pacific Ocean, the combination of varied landscapes and accessible, curious wildlife create an unparalleled environment for those who love nature — the Galapagos Islands.

Set against a contrasting landscape of deserts, lush highland forests, lava fields and beautiful beaches, imagine finding yourself just inches away from giant tortoises, comical blue-footed boobies, sea lions, penguins or iguanas. The rich environment of Galapagos is home to the most prolific indigenous populations of land mammals, birds and marine life in the world.

With IE, you have the perfect way to explore: aboard the 32-guest *Evolution*. She is the ideal ship, with spacious cabins and public areas — highly comfortable and intimate at the same time.

Blessed with ample time to explore the islands in a variety of ways, you'll be amazed at all that you see and learn on this fascinating adventure.

"This was a life-changing experience for us. Although we had prepared with books, documentaries and research, the actual up-close and personal visit was more inspiring than we could have imagined."

— Howard and Jane Evans of Millsboro, Delaware

Galapagos Voyage Highlights

The Wildlife: *The animals have evolved without fear of humans and other predators, and you can watch and photograph them from extraordinarily close up.*

Our Guides: *True native naturalists, you'll learn from a local guide and an expedition leader who are both knowledgeable and passionate about the Galapagos.*

The Landscapes: *The Galapagos have an other-worldly beauty — from the desert landscapes at sea level to tall volcanoes and lush highland forests.*

The Experience: *Experience the adventure of Galapagos as you swim and snorkel among sea lions and other marine animals, stroll along pristine beaches and hike trails up ancient volcanoes.*

10-Day Voyage Itinerary

Day 1 • Friday

U.S. / Guayaquil, Ecuador

Fly to Guayaquil and transfer to our hotel. (Meals Aloft)

Day 2 • Saturday

Guayaquil / San Cristóbal / Cerro Brujo

Fly to the Galapagos Islands and board the *M/V Evolution*. Sail out to Kicker Rock before visiting Cerro Brujo, where we'll likely see blue-footed boobies, yellow warblers and finches. (B,L,D)

Day 3 • Sunday

Española (Hood) Island: Punta Suarez & Gardner Bay

Wade ashore to Punta Suarez through a sea lion colony. Walk along the cliffs looking for Galapagos doves, Galapagos hawks, Hood mockingbirds and the red-colored race of marine iguana en route to Española's blowhole, where waves spout 90 feet into the air. In the afternoon, we can swim and snorkel in Gardner Bay. (B,L,D)

Day 4 • Monday

Santa Cruz Island

Learn about the vital work being done to study and preserve wildlife at the Charles Darwin Research Station before heading into the lush forested highlands to look for giant tortoises. (B,L,D)

Day 5 • Tuesday

Santiago (James) Island / Bartolomé Island

Santiago is an excellent place to spot finches, doves, hawks, iguanas and sea lions. In the afternoon visit Bartolomé Island, with a panorama of lava flows, neighboring islands and the jagged Pinnacle Rock. (B,L,D)

Day 6 • Wednesday

Genovesa (Tower) Island: Darwin Bay

Genovesa Island contains one of the most diverse bird populations in the Galapagos, including red-footed boobies and short-eared owls. We climb Prince Philip's Steps before visiting Darwin Bay. (B,L,D)

Day 7 • Thursday

Fernandina Island: Punta Espinosa / Isabela Island: Tagus Cove

Explore the lava fields of Punta Espinosa, where we are apt to spot flightless cormorants. Sail to Isabela Island and explore Tagus Cove, then enjoy a view of Darwin's Lake or a panga ride along the cliffs. (B,L,D)

Day 8 • Friday

North Seymour Island / Black Turtle Cove

Visit North Seymour Island, a good nesting site for frigatebirds. Blue-footed boobies perform their comical courtship dance in the open areas. We take a panga ride through Black Turtle Cove, drifting silently through this area of mangroves. Tonight enjoy a farewell dinner aboard the *Evolution*. (B,L,D)

Day 9 • Saturday

San Cristóbal / Guayaquil

We return to San Cristóbal, and visit the Interpretation Center. Fly to Guayaquil, with time to relax. (B,L Aloft)

Day 10 • Sunday

Guayaquil / U.S.

Fly to the U.S. and connect with flights home. (B,L Aloft)

Machu Picchu & Cusco Extension

Machu Picchu, the grandest of all the Inca sites, has some 200 structures, along with brilliant stone masonry. But there is a great deal more to see, and we've included a variety of experiences and time to explore the great city of Cusco and Sacred Valley of the Incas.

\$2,498 per person, double occupancy.

\$3,296 single occupancy

International and in-country airfare not included.
